Enhanced cover for the legal industry

Travelers has a proud history of providing comprehensive support to legal businesses. More than 1,500 firms in the UK and Ireland trust us to understand their needs and help them trade with maximum confidence.

To offer them truly specialist protection, we have created a comprehensive eTrade Office package of Property, Liability and Business Interruption cover, that also benefits from direct access to our dedicated claims handling and risk management teams.

Standard cover includes:

Irreplaceable and essential documents

Recognising that law firms hold more valuable documents than other office professions, we cover their reinstatement, as well as the cost of a legal indemnity policy in the event of damage to documents related to property transactions.

Billable hours

Understanding that every minute counts in the legal profession, our Business Interruption cover is based on billable hours rather than the standard loss of income.

Valuables in trust

Providing peace of mind for solicitors holding wills or other valuable items in their care.

Optional cover includes:

Probate, trust and guardian

Emergency cover for residential buildings where a solicitor is appointed as trustee, legal guardian or executor at short notice.

Property during conveyance

Should a solicitor be responsible for insuring a residential property during conveyancing, we offer contingency coverage to protect them.
