Features of cover

Public and products liability:

- Automatic worldwide jurisdiction including North America to cater for known and unwitting exports to the US
- Efficacy – provides cover for injury or damage as a result of the product failing to perform its intended function
- Extended parts – we can consider offering cover for the cost of making good damage to a product supplied by the insured caused by a part of that product*

Property damage and business interruption:

- Computer breakdown
- Machinery breakdown – the policy can be extended to provide cover for machinery breakdown
- Research & development operations – a range of bespoke covers provide robust protection for research and development operations
- 24/7 full theft cover from the business premises (excluding grounds)**
- Public Utilities – the business interruption section extends to protect the business following damage at the premises of an Internet Service Provider
- Travelers Umbrella covers – a range of tailored Travelers Umbrella covers are incorporated providing flexibility on how policy limits can be used

Employers' liability:

- Pre-claim rehabilitation

Professional indemnity and cybermedia liability (third party cyber):

- Flexible approach – we can provide cover for professional indemnity, intellectual property rights and cybermedia liability with either:
 - a blended limit or
 - separate limit towers
- Flexible basis of settlement – we can consider providing cover on an any one claim or an aggregate basis for professional indemnity and intellectual property rights**
- Automatic worldwide jurisdiction
- Defence costs in addition – we can consider providing cover for defence costs in addition to the limit applicable to professional indemnity and intellectual property rights
- Defence costs excess – the policy excess does not apply to defence costs applicable to professional indemnity and intellectual property rights (except where claims are brought in the US)
- Breach of patent – the cover provided for intellectual property rights extends to include unintentional breach of patent (excluding US)
- Third party fines and penalties, where insurable, in respect of professional indemnity are covered up to the limit applicable

Network Security (first party cyber):

- For full details of our new network security proposition, please see our separate cyber fact sheet

Claims services

At Travelers, we recognise the importance of effectively managing claims to help the long-term success of a business. Our Claim specialists understand the types of losses that can occur in the technology industry and provide a fast, efficient and sympathetic response. We have over 27 years of experience in handling Technology claims, and our experience and expertise can help to mitigate losses your business may suffer. Our claims service proposition includes:

- Ability to report claims 24 hours a day, 365 days a year via electronic claims forms located on our website
- For eligible larger policyholders, a full claims handling service for claims falling within the policy deductibles and/or aggregate limits
- Highly skilled claims handlers which enables us to minimise the amount spent on solicitors, loss adjusters and other third party providers thus reducing claims costs
- We have US solicitors based within our UK team, enabling us to effectively handle claims brought within a US jurisdiction

Other specialist Travelers covers available in conjunction with the combined package for the Technology sector:

- Directors & Officers
- Commercial Crime
- Employment Practices Liability
- Pension Trustees' Liability
- PA/Travel
- Kidnap & Ransom
- Cargo

* Available for Electronics Manufacturing and Assembly businesses only

** Available for IT & Communications businesses only

Risk control

Travelers offers multiple levels of support to help manage risks to our customer's business.

Onsite
